

Legislation Appendix to *And They Persisted...A Century of Impact by Iowa Leagues* (2020)

League of Women Voters of Iowa and its local Leagues have worked diligently across almost one hundred years for better government policies for all Iowans. Here are the 324 laws and constitutional amendments that the League alone or in collaboration with other organizations worked to pass. Chapter 8 is a narrative presentation of these laws. Included in that chapter as well as in this list are bills that the League helped to defeat. Those defeated bills were contrary to League positions that had been established by the League's study and action process (Chapters 5 and 6).
